**S.6 Mathematics Supplementary Lessons LTP25/041**

Dear Parents/ Guardians,

Greetings! As the new school year begins, to help students better prepare for the Hong Kong Diploma of Secondary Education Examination (HKDSE), the Mathematics Department will arrange a series of **compulsory supplementary lessons** for all S6 students. These lessons aim to strengthen students' mathematical abilities and assist them in mastering key examination topics and techniques.

Given the importance of the HKDSE and the tight schedule of the curriculum, we have arranged a total of **11 compulsory supplementary lessons on Day 6 and Saturdays**. The details are as follows:

**Day 6 Supplementary Lessons (9 sessions)**

**Dates:** 17/9, 25/9, 16/10, 24/10, 4/11, 13/11, 26/11, 4/12, 15/12 (DAY 6)

**Time:** 15:45 – 17:00

**Venue:** Homeroom or Lecture Theatre

**Saturday Supplementary Lessons (2 sessions)**

**Dates:** 6/12/25 and 3/1/26

**Time:** 9:00 a.m. to 11:15 a.m.

**Venue:** School Hall (or classrooms)

The content of these supplementary lessons will focus on reinforcing key and challenging topics of the HKDSE, providing practice with mock papers and detailed explanations. These sessions are crucial to students' examination preparation. Therefore, **unless there are exceptional circumstances, all students are required to attend**. If a student is unable to attend, a valid explanation must be provided:

1. **Medical certificate** (in case of absence due to illness), or
2. **Letter from parent** (stating the specific reason).

If a student fails to meet the above requirements, the school will record the absence and may follow up accordingly. We hope to work closely with parents to ensure students actively participate in these remedial lessons and are fully prepared for the DSE examination.

Thank you for your support and cooperation! Should you have any enquiries, please contact Mr Chan Kwok-kwan by phone at 2475 4778.

Ng Yau Mei, Shirley  
Principal
